SUBJECTS.

PAGE

Accommodation, behaviour of astigmatism in 661
mechanism of, studied experimentally 223
Agranulocytic anaemia following herpes ophthalmicus. Case report 458
All - India Ophthalmological Society, Annual Congress, 1933 341
Aluminium foreign bodies in the eye 656
Amaurotic family idiocy ... 483
and diseases related thereto 349
Amblyopias of toxic origin, and chronic retrobulbar neuritis. New method of treatment... 170
Ametropia, optical bases of ... 659
Anencephalic monsters, condition of retina and optic nerve in 708
Angioid streaks of retina 352, 415
Angiomata, subcutaneous, of face, new operation for treatment of 179
Angiomatosis retinae, anatomical basis of 617
case of 454
Aniridia, experimental, action of miotics and mydriatics in 296
Annotation (Blindness among Jews in Palestine and its causes) 473
(Combined treatment in glaucoma) 704
(Instruction of medical students in treatment of ophthalmia neonatorum) 222
Anophthalmos: unpublished manuscript by James Briggs, giving first account of the familial occurrence of the condition 469
Anterior chamber, adult filaria (Wuchereria) bancrofti in 646
cholesterin in... 654
deep, in primary glaucoma, possible causes of ... 297
Antigen of the crystalline lens, experiments on 479
Antigonococcic serum, local application of, in gonoblennorrhoea and other eye diseases 218

PAGE

Antirabic inoculation, bilateral papillitis following: recovery 167
Appointments 363, 557
Aqueous and its various proteins, immunising power of, in normal conditions 654
Argyll Robertson pupil, unilateral, after injury ... 603
Argyrosis of cornea 595
Arterial and intra-ocular pressure, relation of, to glaucoma 613
Arterio-sclerosis, relation of, to glaucoma... 297
Artificial sunlight, use of, for illuminating test apparatus, and the general lighting of examination rooms 260
Astigmatism, behaviour of, in accommodation 661
following operation for chalazion 618
very high, in keratoconus and post-cataract cases ... 476
Avitaminosis, experimental, ocular lesions in ... 118

Bacteriophage in ophthalmology 358
Banister, Richard, additional facts in relation to the Father of British Ophthalmology 156
Barrier, capillary, of eye, behaviour of, under various experimental conditions 482
Bismuth, treatment of trachoma by 419
Blepharitis, X-Ray treatment of 589
Blindness among Jews in Palestine and its causes (Annotation) 473
causes of 489
hereditary, menace of ... 551
industrial, prevention of ... 122
peripheral, unilateral, condition of the primary optic centres in 49
prevention of, International Association for, Meeting of Executive Committee 535
relation of trachoma to ... 625
Blood, alkalinity of, in glaucoma 116, 612

PAGE

Blood and capillaries, examination of, in trachomatous subjects 229
and intra-ocular fluid, osmotic equilibrium between, as influenced by anisotonic injections ... 480
changes in trachoma ... 419
in glaucoma, relation between calcium and potassium in 117
Botryomycosis — telangiectatic granuloma 561
British Colonial Empire, trachoma in: its relation to blindness: existing means of relief: means of prophylaxis 625
British Medical Association, Annual Meeting ... 364
Bulbar conjunctiva, circulation of 595

Calcium-potassium ratio, cataract and 477
Canada, Western, trachoma in 524
Capillary barrier of eye, behaviour of, under various experimental conditions 482
Carbon dioxide snow. cauterisation of detachment of retina by 548
Cataract and the calcium-potassium ratio 477
anterior capsular, hereditary 608
concussion 357
contusion, clinical and experimental observations on 478
endocrine, clinical and histological characters of ... 609
experimental 610
extraction of 475
intracapsular, by the Knapp method 476
glass-blowers' 609
irradiation 499
myotonic dystrophy with ... 606
production of, bearing of changes of temperature of various regions of eye produced by local application of heat and cold 477
senile, extra-capsular and intra-capsular operations for removal of, comparative end-results of ... 542
study of biology and chemistry of crystalline lens 388
work, impressions derived from experience of ... 474

PAGE

Catholysis as new technique for operative closure of holes in retina and for treatment of its detachment 650
Central London Ophthalmic Hospital, Report of Squint Dept., 1932-1933 267
Cephalosporium, mycosis of cornea due to, case of ... 44
Cerebral basal vessels, sclerosis of, association with optic atrophy and cupping ... 48
Cervical ganglion, superior, application of heat and cold to, effects on eye after 356
Cervical sympathetic and retinal vaso-motor nerves in the dog, relation between ... 483
Chalazion, operation for, astigmatism following ... 618
Children, myopia in, incidence and progress of 619
Chlorides in blood, amount of, in glaucoma 298
Cholesterin in the anterior chamber 654
Chorioretinitis, adhesive, produced by trans- and diascleral diathermy ... 413
Choroiditis, adhesive, experimental 112
Choroido-retinitis, adhesive, experimental 353
Christian-Schüller disease, contribution to 607
Cicatricial ectropion, relief of, best operation for ... 347
